# PICK-UP SERVICES

**Recycling, Green Waste & Garbage Service: Set-out instructions**  
Place carts on the street with lids closed and wheels against the curb by 6 a.m. on your collection day. Remove any bungee cords. Leave 18 inches between carts and place them 3 feet from cars. If there is no room on the street, please place carts where space exists without blocking the sidewalk.

**FREE Bulk Recycling Pick-up**  
Residents get one extra pick-up a year.  
Call El Cerrito Recycling at 215-4350 for details.

**FREE Bulk Garbage or Green Waste Pick-up**  
Residents get one extra pick-up a year. Call East Bay Sanitary at 237-4321 for details.

**FREE Used Motor Oil & Filter Recycling Collection**  
By appointment only. Please call 510-215-4350 to schedule an appointment.

**FREE Christmas Tree Collection**  
Christmas trees are collected on the first two regular collection days in January. Place next to cart or cut up and place in cart and set out on your collection day.

**Holiday Schedule**  
Curbside collection occurs on all holidays except Christmas Day and New Year's Day. If those holidays fall on a regular collection day, then collection for that day and all following days in that week will occur one day later than normal.

**Special Services for the Elderly/Disabled**  
*Backyard collection service for the elderly—available at no extra cost. Call 510-237-4321 to request yard service.*

*Mobile HHW Collection for the elderly—by appointment only. Call 1-888-412-9277 for eligibility details.*

# ONE-STOP RECYCLING CENTER

Recycle almost anything at the EL CERRITO RECYCLING + ENVIRONMENTAL RESOURCE CENTER

photos by David Wokely

The El Cerrito Recycling + Environmental Resource Center offers community members a convenient way to reduce their environmental footprint. The Center is a one-stop shop for reuse and recycling. It's also the hub of El Cerrito's environmental programs and activities, from energy efficiency and climate action to urban greening. As a LEED facility that features a zero-net energy building, recycled rain-water catchment, rain gardens, native plantings and reused building materials, the Center is a living model of sustainability. Come visit!
